kristin@budfunding.com

Dear Ms. Bird,

Budfunding supports the campaign to have Calgary recognized as a Fair Trade Town and supports raising awareness about the benefits and opportunities of fair trade for our community and for producers around the world.

Budfunding is a social enterprise dedicated to growing a community passionate about the earth by educating and empowering individuals through expos, courses, workshops, and connecting them to sustainable products enabling everyone to live a rich fulfilling life while taking great care of our planet.

We are excited to support this campaign and the work of Fair Trade Calgary as Budfunding's mission and values closely align with the mandate of this necessary and important organization.

Sincerely,

A handwritten signature in black ink that reads "Kristin Skelton". The signature is written in a cursive style with a large, stylized 'K'.
