Erin Bird  
Fair Trade Calgary

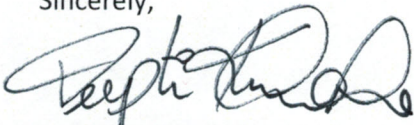

Dear Fair Trade Calgary,

Kushwaha and Goes Management supports the campaign to have Calgary recognized as a Fair Trade Town and supports raising awareness about the benefits and opportunities of fair trade for our community and for producers around the world.

Kushwaha and Goes Management strongly supports farmers, producers and artisans in developing countries to earn income by bringing their products and stories to our markets through fair trading relationships. We value sustainability, human and environmental interrelationships, for a prosperous future of our communities, and future generations

We value social justice and are committed to building an equitable society where all life is respected.

Sincerely,
